FFY 2007 - 2008
Local Assistance Delivery
Formula OA Funds
Based on CBARS/FMIS Transactions as of March 31, 2008
(Includes Revised FFY 2007-08 Projected OA)

November 2007 OA Delivery report projected base OA and \$50M OA payback amounts were revised to reflect an OA adjustment for six rurals receiving CMAQ and RSTP funds in 2008. Calculation formulas were corrected for CMAQ and RSTP apportionments for the rurals receiving CMAQ funds.

Assumptions:

- < Obligations are based on CBARS/FMIS transactions and adjustments per the Department's Federal Resources Office (FRO).
- < Obligations include obligations, deobligations, exchanges, FTAs.

Footnotes:

- ¹ The projected base FFY 2008 OA is revised with the **January 31, 2008** Delivery Report based on information received from FRO dated February 19, 2008. The projected base amount of OA from FRO has been lowered by \$51 - variance in FFY 2007 final OA [see footnote 12 in September 30, 2007 Delivery report]). The projected base OA may still be revised prior to the end of the current FFY. Prior Projected Base FFY 2008 OA was \$1,001,190,770 and was based on the 47-day Continuing Resolution that started the 2007-08 FFY.
- ² Balance of FFY 2007 OA -- This is the amount a Region must pay back if over delivered or the amount a Region will receive to "make whole" if under delivered based on the DLA OA Management Policy. Amounts shown in parenthesis are amounts owed back and positive (non-parenthesis numbers) amounts are amounts owed to those Regions/Programs. When DLA, as a whole, under delivers the OA in an FFY and this under delivered OA is "lost" to the State because of DLA under delivery -- this "lost" OA may not be repaid to DLA.
- ³ The \$50,000,000 payback from State to DLA based on FFY 2008 Estimated apportionments. State to repay DLA \$200,000,000 over four years [\$50 M each for FFY '05, '06, '07, and '08].
- ⁴ This is projected FFY 2008 OA with the adjustments for FFY 2007 OA Over or Under Delivery; \$50,000,000 OA payback for FFY 2008; and National Environmental Policy Act (NEPA) delegation for FFY 2008.
- ⁵ Balance of FFY 2008 Target OA per date of report -- At the end of FFY 2008 (September 30, 2008 report) this is the amount a Region must pay back if over delivered or the amount a Region will receive to "make whole" if under delivered based on the DLA OA Management Policy. Amounts shown in parenthesis are amounts owed back and positive (non-parenthesis numbers) amounts are amounts owed to those Regions/Programs. If OA is lost to the State due to DLA under delivery, as a whole, then under delivered OA may not be available to repay Regions and/or Programs.
- ⁶ Per August 1, 2006 MOU from Riverside County Transportation Commission (RCTC) and the San Bernardino Associated Governments (SANBAG), the FFY 2006 OA for these two regions was adjusted in September 2006 to reflect a loan of OA of \$16,000,000. The Loan decreased RCTC's FFY 2006 OA and increased SANBAG's FFY 2006 OA by the \$16,000,000. The August 1, 2006 memo states that the payback of the OA to RCTC from SANBAG is anticipated in FFY 2009 or FFY 2010.
- ⁷ The Rural Counties' subtotal above excludes those rural counties receiving CMAQ beginning in FFY 2006.
- ⁸ Rail information is included here for informational purposes. Beginning with the October 31, 2007 Delivery Report -- Rail Obligations/Deobligations and OA will no longer be included in Local Assistance Amounts. However, necessary to show Rail's information for continuity from FFY 2007 September 30, 2007 Delivery Report. Rail FFY 2008 carry-over and payback OA going to Capital for FFY 2008. This does not impact Projected FFY 2008 OA for the Regions or Programs, only Local Assistance Total OA. Per agreement Rail will participate in the FFY 2008 payback of \$50,000,000 to Local Assistance (see footnote 3).
- ⁹ Based on FFY 2007 September 30, 2007 year-end reconciliation with FRO, this amount is an adjustment to OA that will be made in FFY 2008. The \$899,806 equals the \$800,993.51 OA adjustment plus the \$98,812 carry-over OA (see September 30, 2007 Delivery report footnotes 11 and 12). These adjustments increase OA to the Locals in FFY 2008.
- ¹⁰ Projected FFY 2008 Target OA includes OA adjustments to the "Total" as follows: 1) Decrease to Local's OA of \$51 for variance to FRO numbers for Local's FFY 2007 remaining OA (see September 30, 2007 Delivery report footnote 12); 2) Increase to Local's OA of \$800,993.51 for post FFY 2007 OA adjustments based on reconciliation with FRO (see September 30, 2007 Delivery report footnote 11); 3) Increase to Local's OA of \$98,812 for "carry-over" FFY 2007 OA (see September 30, 2007 Delivery report footnote 12); and 4) removes Rail's FFY 2007 carry-over OA and Rail's share of \$50 million of OA payback from Capital (reduces Local's OA).
